Sub: Strengthening UG/PG Research – Project Proposals invited for 2021-'22

The Institute proposes to strengthen the Research & Development (R & D) activities amongst the under graduate/post graduate students. One of the methods is to encourage the students to do innovative projects which may end up in a patentable product. It is decided to provide financial assistance to these innovative projects to meet the expenses related to software packages, software development, fabrication/assembly charges, consumables and contingency. General guidelines are attached.

Present pre-final year students (both UG and PG), who are eligible as per the guidelines, can submit project proposals in the format , through the department. In exceptional cases, the present second year B. Tech / third year B. Arch students can apply for the same.

Last date of submission: 21-05-2021
